

DIY Bunting

What you need:

- printed template pages
- scissors
- ribbon or string.

How to make:

- Follow the outer lines to cut out the bunting shapes.
- Use the small guides at the top of each shape to cut two short slits for threading.
- Feed the ribbon through the slits from left to right so it runs along the back.
- Slide the bunting shapes along the ribbon until they're evenly spaced.
- Hang your bunting.
